Technical Assistance Program

Bicycle and Pedestrian Master Plans:
  Lynwood and Pomona

Complete Streets Policies:
  Huntington Park

Safe Routes to School initiatives
  South Gate, Huntington Park, Cudahy
GEAR UP!

Get in the saddle
Emphasize equity
Activate networks
Growing collaboration on AT issues between:

- Transportation agencies
- Foundations
- Local jurisdictions
- Business groups
- Advocacy organizations
- Schools
Active Transportation Collaborative

- Community-Based Organizations
  - Expand definition of transportation system to serve all ages and abilities, with focus on communities with high transit ridership

- Transportation Agency Staff
  - Increase technical assistance, allocate more local funding

- Elected Officials
  - Partner with cities and school districts to achieve shared objectives, increase funding for walk/bike, include funding for education & enforcement

- Business Leaders
  - Set performance measures and collect data, communicate benefits of walk/bike, establish regional standards and predictable regulations
Active Transportation Grants Program in CA

- New grant opportunity in CA: the ATP
  - Will fund planning, design and construction of bike/walk facilities,
  - Non-infrastructure encouragement, enforcement, and planning of walk/bike activities
  - SRTS infrastructure and non-infrastructure

- ATP funding priorities include projects and planning in disadvantaged communities
Inter-Agency Capacity Building Training

• Joint perception of need to increase readiness for these funds
• Planning committee: SCAG, DPH, AT Collaborative, city staff, consultants
• Common goal: increase quality of apps
• Held capacity building training for 6 county region to create vision and provide support
• Grant writing TA: foundations, Metro
We’re all in the same boat
We’ll make more progress if we row together

Healthy Design Ordinance

• DPH funded DRP to develop ordinance
• Supervisors adopted it in 2012
  – Community gardens, farmers markets in all zones; sidewalk & bike parking requirements
• Mandated high-level interdepartmental workgroup to ID best practices for County
Healthy Design Workgroup

- Held all day inter-departmental convening in February 2013 to create shared vision
- Two rounds of individual meetings with:
  - Planning, Public Works, Parks, Fire, Beaches & Harbors, Community Development Commission, Arts Commission, Chief Information Office, Chief Executive Office, Internal Services Department/Office of Sustainability
- Established quarterly meeting schedule
- Policy subcommittee prioritized strategies
- Had to be feasible, under County control, could be replicated, potential for impact
HDW 2014 Work Plan

- Complete streets project initiation checklist
- Bike parking guidelines
- High visibility crosswalks in TODs
- Soil and water guidelines for gardens
- Promoting process for gardens, markets
- Tech Advisory Committee for County plans
HDW Grants Committee

- Applied for and awarded grant from MSRC to implement bike parking
- Developed two joint applications for SGC Sustainable Communities Planning Grant
- Inter-departmental grant team meetings to prepare joint proposals for upcoming grant opportunities
We’ve even begun dressing alike!
“We didn’t know what we were missing until we got it”

- Comment by DPW staff member after participating in joint grant application

</table>

**Transportation Mode Shift**
(Target: 36% Of Trips By Alternative Modes Of Transportation)

- 2007: 22%
- 2008: 22%
- 2009: 22%
- 2010: 22%
- 2011: 22%
- 2022: 36%
Scoring Criteria for ATP

- Potential for increased walking and bicycling (0 to 30 pts)
- Potential for reducing the number and/or rate of pedestrian and bicyclist fatalities and injuries (0 to 25 pts)
Increase Connectivity/Mobility

DOWNTOWN CYCLE TRACK:
Bikes up 33%
Peds up 20%
Bicycle Collisions down 80%
Vehicle Collisions down 50%
Traffic Speeds from 30+ to 25mph
Increase Safety

Annual Increase in Cycling Volumes = 8%
Annual Increase in Cycling Collisions = 0.25%

Graph showing the number of collisions and riders from 2008 to 2013.
DPH Automated Counter Lending Program

- **Purpose**: loan to grantees and partners to increase capacity to collect count data
- **DPH purchased automated counters programmed to count cyclists & peds 24/7**
- **Training**: how to install counters and use standardized count methodology
- **Eight city partners have agreed to participate; two have begun counts**
